Footwear, Ferrules and Frames

It can be very busy in the Care Home environment...**however...**

By checking **THE THREE 'F's** you can prevent

Possible Slips, Trips and Falls!

The 1st Week of the month go around your home and check:

Footwear:

- ❖ Do they still fit properly?
- ❖ Are they clean?
- ❖ Are the Fastenings and Lining still ok?

If not do something about it!

Ferrules:

- ❖ If the Ferrules become worn past the circles change them!

Frames:

- ❖ Is the frame in good working order?
- ❖ Is it the right height for the person?
- ❖ Clean it!

Prevent a fall, Check the **3 F's!**
