

Webinar – **COVID-19 and care home settings (2)** - a **free** training resource for staff working in London Developed and provided by PHE London

PHE London are providing training to support residential care staff during the COVID-19 outbreak. Following on from the successful delivery of webinars for this sector, this **second set** of webinars will focus on how to apply the **latest guidance** in practice, address practical scenarios including managing outbreaks, discharge from secondary care and testing, whilst revisiting the basics of infection prevention and control and clinical features of COVID-19. These webinars will be available from PHE London between 20th and 24th April 2020.

How does it work?

- webinars are provided over Skype
- every webinar will cover the same content so attendance at only one is needed
- it is not necessary to have attended a previous webinar in order to attend
- previous delegates are welcome to attend as the training has evolved with the outbreak and the questions/issues raised by previous delegates
- the webinar will last around 1 hour including time for questions and answers
- if you cannot get Skype to work then you can dial in by phone and follow the slides
- four webinars are scheduled to take place between the 20th and 24th of April

What do I need to do?

- select the webinar you wish to attend and register at the links below
- each delegate must register to attend the webinar individually however one person can register for a workplace and the webinar can be viewed with colleagues – observing social distancing guidance
- instructions on how to join the webinar will be sent up to one hour before the webinar
- please ensure you have time in your diary to set up Skype/dial in beforehand
- where possible, please try to use the Skype connection as then you can see the trainer, view the slides and interact with the webinar
