

Care Home Access to ICF2 update

When you log on to the Capacity Tracker hover over 'Providers', and then select 'Care Home Setup/Details'

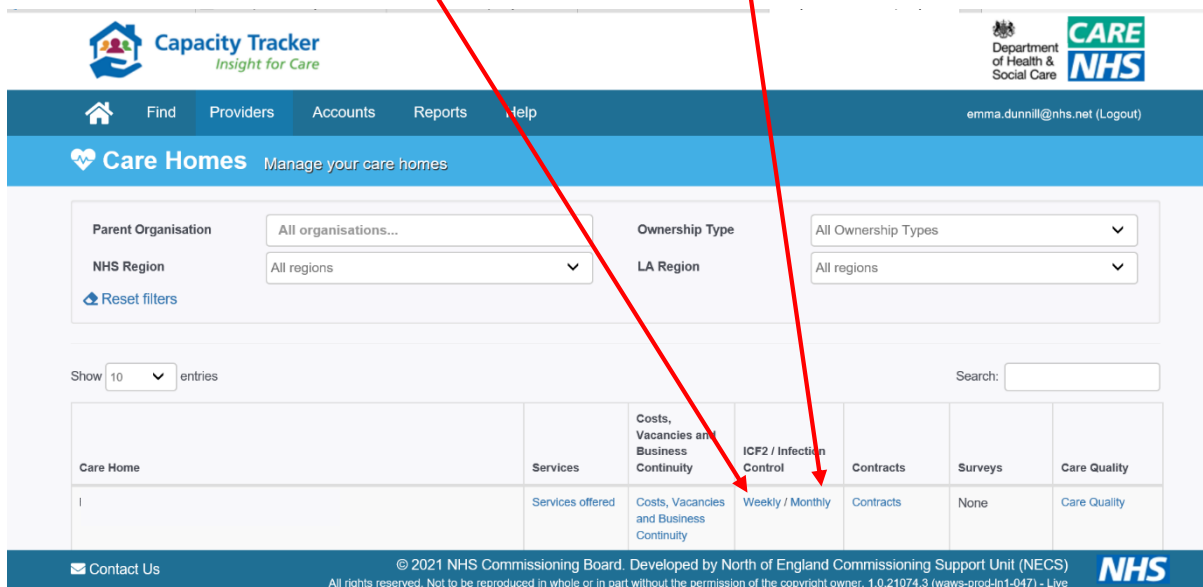

The screenshot shows the Capacity Tracker interface. The 'Providers' menu is open, and 'Care Home Setup / Details' is highlighted. Red arrows point from the text above to the 'Providers' menu and the 'Care Home Setup / Details' option. The interface includes a navigation bar with 'Find', 'Providers', 'Accounts', 'Reports', and 'Help'. The user is logged in as emma.dunnill@nhs.net. The footer contains copyright information for NHS Commissioning Board and the NHS logo.

On this page, you have access to all pages of the tracker for your care home(s).

There are 2 pages for ICF2/Infection Control.

One needs to be updated weekly and the other updated monthly. Click these to be taken to the two different pages respectively

The screenshot shows the 'Care Homes' page in Capacity Tracker. The page title is 'Care Homes Manage your care homes'. There are filter sections for 'Parent Organisation', 'NHS Region', 'Ownership Type', and 'LA Region'. A table lists care homes with columns for 'Care Home', 'Services', 'Costs, Vacancies and Business Continuity', 'ICF2 / Infection Control', 'Contracts', 'Surveys', and 'Care Quality'. Red arrows point from the text above to the 'ICF2 / Infection Control' column and the 'Weekly / Monthly' link in the table. The footer contains copyright information for NHS Commissioning Board and the NHS logo.

Care Home	Services	Costs, Vacancies and Business Continuity	ICF2 / Infection Control	Contracts	Surveys	Care Quality
I	Services offered	Costs, Vacancies and Business Continuity	Weekly / Monthly	Contracts	None	Care Quality
