

Moral Injury Webinar

The COVID-19 pandemic has massively disrupted normal ways of working with our patients. At times when we had limited choices, we may have acted in ways, or witnessed actions, which went against our values and which caused us distress.

One name for this situation is moral injury. Margaret Aldridge, Sarah Smith and Jacqui Gratton, from the Here For You staff support hub, will be discussing the emotional impact of moral injury and suggesting coping strategies.

Date: Monday 19th July 2021

Time: 12:00 – 13:00
