With Tenancy Sustainment support

Tier 1 IAB –Intensive Assessment Beds

Intensive Assessment Beds

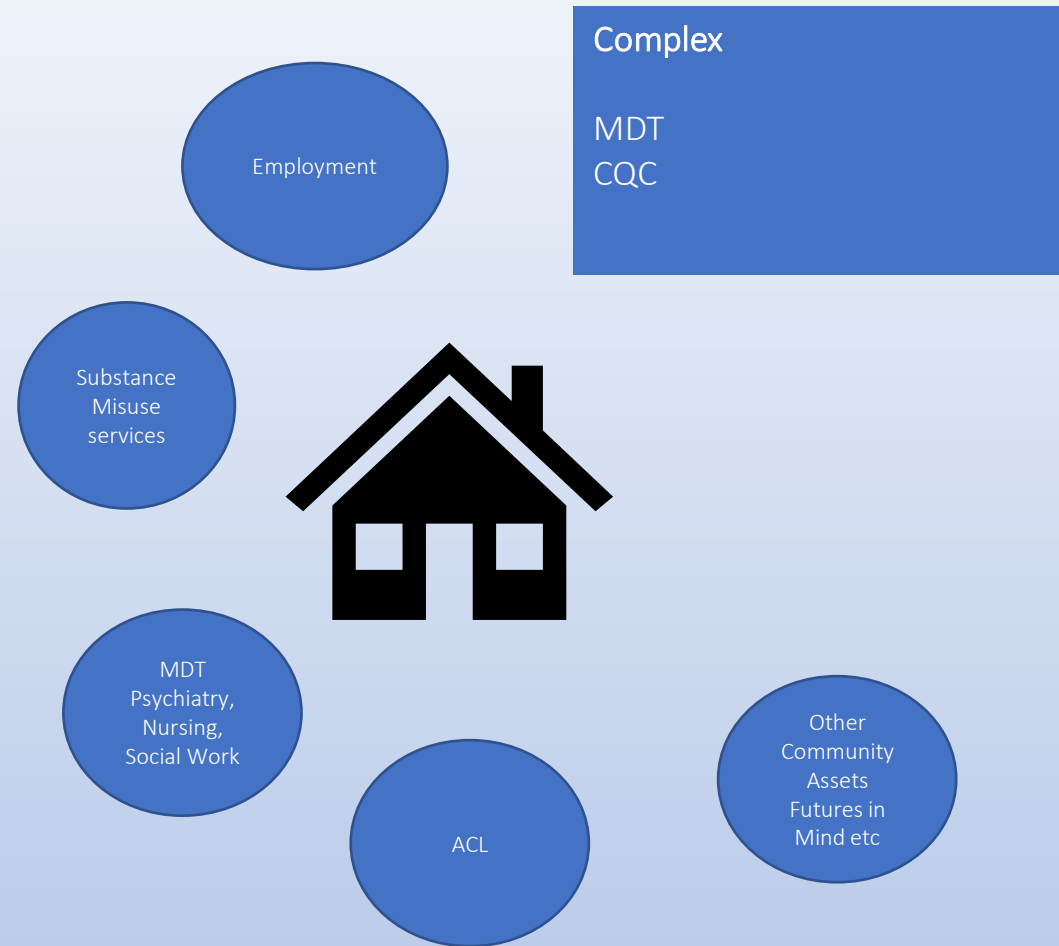

- Priority Step down from hospital and inpatient settings, with assessments in the community to support safe and timely discharge from inpatient and hospital setting; reducing prolonged stays in hospital and delayed transfers of care.
- Community assessment and support for episodic events and relapses
- Step down from residential care
- CQC registered
- Few days to up to 6 weeks stay
- Self contained rooms with communal areas

Exceptions

- Not for individuals that require a compulsory detention for assessments under the MHA.

Tier 1(Level 1): COMPLEX – Description of Service

- Multi-agency working on-site with other agencies activities, employment training, work & volunteering support
- MDT to include Community Based Clinicians and Social Workers
- Recovery based model within a Psychologically Informed Environment (PIE)
- The MDT Staff will be working proactively with and linking individuals to for example Forensic Community Team, Community Mental Health Teams, social workers and other community provision relevant to their needs
- 24/7 support and supervision in order to maintain independence
- Assistive Technology
- Concierge provision to manage community safety issues
- CQC registered
- Self contained rooms with communal areas

Tier 2 (Level 2): HIGH – Description of Service

Brief Description of Service

- Flexible configuration of accommodation
- Mix of shared and self-contained
- Increase in number of smaller properties
- Clustering of accommodation to support step down
- Sleep-in
- Concierge & Assistive Technology
- On-call
- Onsite Office/Extended Office Hours e.g. 10am- 7pm (Medium)
- No onsite office (low)
- Mix of shared and self contained accommodation with shared areas

Move-On

- System partners have identified that Move-On is a key issue and number one barrier
- Regular reviews and ‘discharge planning’ will be vital to ensure flow through and move on
- Concept -Move on/Resettlement Facilitator to provide a focused role to work between EPUT, providers and Councils to explore move on and resettlement
- Sustainability – ensuring the right support is in place in the community for tenancy sustainment
